

INTRODUCING Libro Credit Union

Libro Owners, The Wong family

Helping you achieve your goals, supporting businesses to create a thriving local economy and contributing to strong and prosperous communities. That is why Libro exists. We have a purpose far beyond profit.

Being purpose driven is not a program we run. It is an attitude we take in everything we do. We are a financial institution that uses all our resources to grow prosperity. And we couldn't do this without you!

When you choose to partner with Libro, we work together to help you achieve prosperity, however you define it.

Libro earns revenue and then uses it to give you competitive returns, the best service and coaching along with the right tools to do your banking the way you choose. We also give you a portion of earnings in the form of profit shares. Because at Libro you are an Owner.

WE'RE A CO-OPERATIVE

Owners elect Branch Councils to act as ambassadors in their local communities, help to guide Libro and keep us connected to our roots. Customers are shareholders – you really do own the company.

HISTORY

Libro's been around for more than 75 years. In that time, a total of 43 different organizations, all with rich histories, have combined to make Libro. We're proud to be part of communities across southwestern Ontario.

WORKING TOGETHER

Libro is banking with a difference. We provide all the banking services you expect, and add advice from experts who want to help you to prosper.

It's all about coaching. You know where you want to go and we'll help you get there. With a plan in place, you're making the decisions and you're doing it with all the information and support you need.

We bring coaching to life in person and online. It fits your lifestyle in a way that makes sense for you.

Why? Our goal is to coach Owners to achieve their definition of prosperity.

It's win-win when everybody works together.

EVERY DOLLAR STAYS RIGHT HERE

Libro strives to inspire meaningful change in communities. To do this we have a plan to improve economic and social conditions. We know the challenges facing the region are vast and complex and there is no one solution, so we look beyond just traditional granting and philanthropy and see that Libro is a convener, a connector of dots. We've started to bring together key stakeholders who each contribute their expertise, passion and unique resources to minimize duplication of efforts, create synergy and make a lasting impact.

We focus on issues related to employment, financial resilience, local food accessibility and housing. We've been forming key partnerships that are helping to create jobs, support self-employment and entrepreneurship, and build money smarts. We're calling it the Libro Cluster, and it's doing great things.
