

Government Programs are Available for Your Business – **Libro is ready and able to Support**

Libro knows that there are increasing demands placed on you and your business. Our Account Managers are ready to assist with expert advice and dedicated service to meet these growing challenges and needs. One way we offer advice is by keeping you informed of potential opportunities that may support your businesses prosperity goals.

On an ongoing basis both federal and provincial governments offer business financing programs, incentives and grants to support the growth, innovation and hiring needs of small and medium sized business. We wanted to take this opportunity to let you know that conveniently, both governments have partnered to build an innovative website that allows you to explore these programs and opportunities on your own. The intuitive page can be found here:

Libro is ready to assist you and offer relevant advice related to these programs. We would be happy to sit down and discuss your business goals and how these programs might support the prosperity of your company. We have worked with government programs for decades to support business owners across southwestern Ontario and we are ready to provide advice and coaching tailored to meet your specific needs.

Our Account Managers are ready to connect with you and your business today!
